

Spring 2017

PRESS RELEASE: SUNSET HAPPENINGS Time to Hit the Course Edition

Hello Sunset Members, Friends and all. Time to give you an update on what's been happening at Sunset and some behind the scenes activity that's sure to keep our course on its steady path of prosperity.

New Used Equipment:

We were saddened to hear that yet another local golf course closed its doors for good this winter. Edgewood Golf Course in Polo and owned and operated by the Burkhart Family for several years had been looking for someone else to take over. Unable to find a good fit they're turning the course back into pasture.

Fortunately, Bill Burkhart and his Son-In-Law Mike Faivre thought of their old friends at Sunset. We were able to negotiate and purchase some of their equipment. Like Sunset, Edgewood maintained their own tractors, mowers, etc. So we know this used equipment will last for years to come. Having this equipment will give our greens keeping staff some much needed back-up.

In addition, we've picked up a few folks from Polo as new Sunset Members. Welcome to Sunset. Bring some more Marcos with you.

Dates to Remember:

Saturday, April 15th - It's not just tax day, it's Sunset's annual spring clean-up day. It starts around 8:00 a.m. Bring a lawn rake, some gloves and come out for the morning and stay until you decide you've had enough. We'll make sure that you're fed and hydrated.

Wednesday, May 24th - Here comes Salley and her staff of golf instructors. Once again Salley Wessels will be conducting her twice a week Junior Golf Lessons. If you are a member at the course, lesson fees are included in your membership. If not, the fee is \$40.00 per person. For more on lessons, please look for more later on our Facebook Page, our Web Site or at the Clubhouse.

Playdays

We're about out of Saturday Playday available dates. If you're still thinking that you'd like to put something together, give us a call. You can leave a message and get back to you as quick as we can.

We're got some great playdays coming in May. Don't forget about the golf cart benefit playday. Sign-up at the clubhouse, Facebook or on our web site.

Well folks, that does it for this important update on Sunset. Stay dry and we'll see you at Sunset.
